

FEET CRUSHED BY STREET CAR

**Samuel W. Mulholland Meets
With Serious Accident—
Was Too Close to Tracks.**

Samuel W. Mulholland, a carpenter living at 1022 South Tenth East street, had one foot cut off and the other mangled beneath the wheels of an outboard street car on the Sugar House line at 11:30 last evening at the corner of Tenth East and Chicago avenue. Mulholland had gone out on the car preceding the one which caused his injuries and had gotten off at Chicago avenue and Tenth East street. When the next car which was car No. 31, in charge of Conductor Wilding and Motorman A. Murphy, came out, he was standing by a trolley pole in the center of the street. The motorman said that Mulholland was in the shadow and he did not see him until the car was almost upon him. The side of the car struck Mulholland and threw him to the ground, sending his head and shoulders away from the car and throwing his feet beneath the wheels. Mulholland was carried to the home of J. T. Parker at 1041 South Ninth East, and Dr. S. H. Pinkerton was called and dressed the injuries. In addition to the injuries to his feet there was a severe scalp wound. Mulholland was taken to the Latter-day Saints' hospital after waiting more than an hour for an ambulance.

LOST HIS GRIP ON LIFE

Stomach Went Back on Him.

There are hosts of people that don't give a care about the condition of their stomach and digestion, who are literally going to pieces, and on the high road to physical demitition—just like the subject of this article, Horace Sandie, but who was saved from an untimely end by accidentally reading of Prosenne and the form in which, as advertised by the Cooper Pharmaceutical company of Chicago, is said to be doing more good with stomach suffering than any other curative agent ever before tried. Horace Sandie, to use a slang phrase, pretty nearly all in—losing ground every day; had no appetite and what he ate disagreed with him. He saw his finish, while reading his paper one morning he noticed the announcement of the Prosenne recipe. Prosenne Compound, one ounce; Compound Tincture of Cinchona, one ounce; Sherry Wine, half a pint. To be mixed either in the drug store or in the home. The dose is a teaspoonful before meals and at bedtime. Sandie went right from the shop to the first drug store and had that prescription made up. Today he is back to his former self and as fine a man as ever walked down the pike.

DON'T BE TOO FAT; BE COMFORTABLE

If you're too fat just say to the druggist the magic word "Marmola." Take some and watch yourself grow slimmer and slimmer until you are comfortably thin. Then tell other fat folks about it. It's a good thing to remember the prescription: 1/2 ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromatic, and 2/3 ounce Syrup Simplex; dose, one teaspoonful after meals and before bedtime. While you're taking Marmola you can eat and drink as much as you like, do as little as you wish in the line of work or exercise, but you'll keep on getting thin until you stop taking the medicine.
